Leaf Protection

LeafProof®

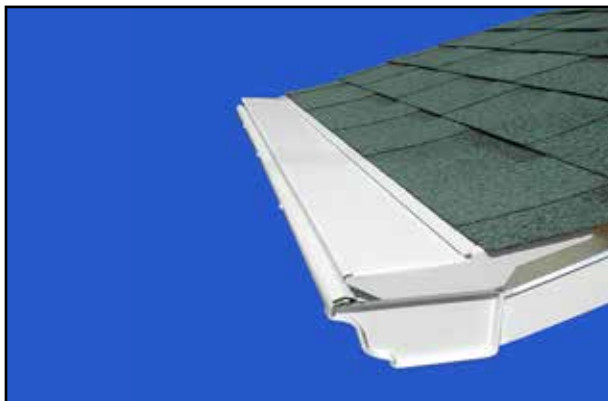

Elite Screen

**Standard
Screen**

LeafProof®

LeafProof® is the “Cadillac” of gutter protection products. It is designed for the homeowner who wants to avoid the danger of ladders and roofs, and the drudgery of gutter cleaning. LeafProof® ends gutter cleaning permanently...guaranteed!

Features:

1. Heavy aluminum
2. Panels, which come in several colors, cover the entire top of gutter with water entering a small slit in the front; made possible through surface tension.
3. No nails in roof.
4. Low profile – blends with roofline
5. Can handle any downpour
6. Lifetime guarantee

Elite Screen

Features:

1. Extra strong with small entry holes
2. No nails in roof
3. All aluminum – no rust
4. Black powder-coated
5. Stops even small debris; including maple seeds
6. Won't mat and clog like finely meshed screen.
7. Installed so debris tends to roll off
8. Lifetime material guarantee

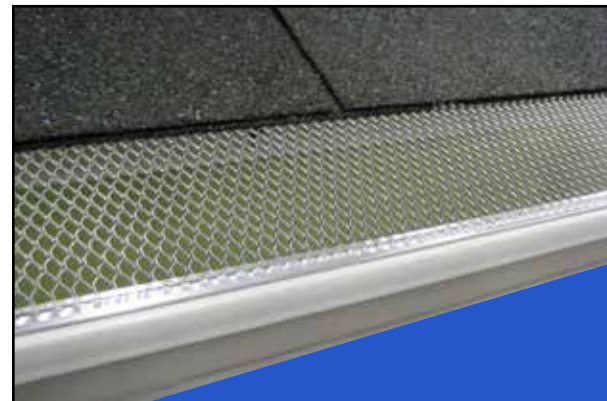

• Cleaning

Your entire gutter system is thoroughly cleaned and free-flowing before any of our gutter protection products are installed.

• 4" Downspouts

To gain extra assurance against obstruction, we can install our 4" aluminum downspouts. These downs have twice the drainage capacity of standard downs so debris tends to flush on through. The 4" downs are also heavy duty with a .027 thickness compared to the standard .019 thickness.

Standard Screen

Features:

1. All aluminum – no rust
2. No nails in roof
3. Won't mat and clog like finely meshed screen.
4. Installed so debris tends to roll off
5. A tried and true product that we have installed for over 20 years with hundreds of satisfied customers
6. Lifetime material guarantee
